

iNet is the international arm of the Specialist Schools and Academies Trust (SSAT)

‘There are many opportunities to engage in links with other countries.’

Susan Tranter, Headteacher,
Fitzharrys School, England

Membership of iNet connects you and your school to an international network that brings together leading practitioners and world class academics.

iNet’s mission is to create powerful and innovative networks of schools that have achieved or have committed themselves to achieving systematic, significant and sustained change that ensures outstanding outcomes for all students in all settings.

Networking around the world

The iNet network links over 5,000 schools in 30 countries including Australia, Canada, China, England, Finland, Holland, Mauritius, South Africa, New Zealand, USA and Wales.

iNet brings together educators who share a commitment and determination to transform schools, and provide all students with educational experiences that prepare them for the challenges of the 21st century.

The network works to develop new ways of transferring knowledge and experience, with the goal of enabling every student to achieve.

You can explore global solutions for the future of schooling through:

- **networking opportunities** – connect with leading educational thinkers and practitioners
- **school leadership programmes** – access high impact professional development
- **development and research networks** – engage in cutting edge research based on school innovation
- **personalising learning for students** – explore how to ensure more students achieve their full potential.

A world of opportunities

Through the iNet website you can access the following benefits.

- **Publications** – exploring leadership, innovation, personalised learning and raising achievement.
- **iNet news** – a quarterly update on activity across the networks.
- **Study tours** – learn from other cultures and education systems.
- **Conferences and workshops** – including iNet's International Conference, SSAT's National Conference and the International Workshop for School Leaders.
- **Online conferences for students and educators** – free and easy to access.
- **International school partnerships** – find and develop your global network.

'iNet offers a unique global platform for schools around the world to address challenges brought about by globalisation.'

Professor Yong Zhao
Michigan State University

Affiliate now

iNet is open to primary, secondary and special schools across the world and fees are determined by country.

- SSAT affiliated schools in England receive automatic membership to iNet.
- Schools outside England can join through the iNet website.
- Once you are a member it's easy to affiliate your partner school.

'In the process of belonging to the network, your school becomes an international school with tangible resources at its disposal. Why would you not join it?'

Professor Hedley Beare, Australia
